13MAR2015

CERTIFICATE OF ATTENDANCE

This is to certify that the laboratory

Vidilab AB
Kvartsgatan 6A
74940 Enköping
Sweden

successfully participated in the proficiency test for the McMaster technique in 2014.

Nine labs from different European countries were included in the ring trial.

The inter- and intra-laboratory variations lied within a range as expected if using the McMaster technique.

Dr. med. vet. Katharina Raue
